— WHY WORK WITH US

Four pillars that shape every *engagement*.

Our goal is to provide high-quality, inventive and result-oriented legal solutions, and to serve as a primary partner in all aspects of our Clients' business growth.

01 - Boutique

Senior attention, by design.

Every matter is led by a partner. No hand-offs to junior teams; the lawyer you meet is the lawyer who acts.

02 - Specialised

Sector-deep expertise.

Two decades of combined practice with regulators, banks and developers — particularly in Kenya's energy and financial sectors.

03 - Responsive

Commercial pace.

We understand that legal advice must keep up with deal timelines. Sharp, on-the-point responses without bureaucratic delay.

04 - Trusted

Long-term partnership.

We act as an extension of our Clients' teams — through transactions, disputes and the quiet years in between.

— SECTION 03

The people you'll work with.

Our partners bring over thirty-five years of combined experience with an impressive track record. Our advocates exhibit the dedication, expertise and human touch that aim to differentiate the firm.

Behind our advocates is a dedicated support team — legal assistants, paralegals, administrative and accounts staff, pupils and clerical officers — who keep our files, filings and client service moving with precision and care.
